YOUR MONEY GONE UP IN SMOKE

We are going to close up shop when the time comes that we cannot look you in the face and say, "There's Honest Values and Honest Prices." Our large line of Cole's Heating Stoves is not only attractive but will save you one-third your fuel bill.

Don't Be Confused

OLD STYLE STOVE

by the many attempts to imitate Cole's Hot Blast Economy, such as ring drafts, slotted firepots, etc., which fail in the one essential of Cole's air-tight construction, which is the underlying necessity upon which all gas burning economy is dependent. The test that proves economy is the even, steady gas burning heat given off day and night by

Cole's Original Hot Blast Heater

10,000 feet of illuminating gas saved by Cole's Fuel-Saving, Hot Blast combustion from every ton of soft coal—wasted by all other stoves.

The up and down heat of all other heaters disproves all their claims of economy.

Cole's Original Hot Blast is guaranteed to give even,

steady heat day and night.

It burns any fuel—soft coal, hard coal or wood.

Come in and see this heater today.

Look for the name "Cole's" on feed door. None genuine without it

A WHOLE TON OF CHEESE SANDWICHES

This Huge Quantity Will Be Served on Monroe's Third Annual "Cheese Day."

Monroe, Wis., Oct. 2.—A ton of cheese made up into 30,000 sandwiches is to be served at Monroe's third annual "Cheese Day," which is to be held October 10. Sixteen hundred loaves of bread will be used. Monroe is one of the principal cheese producing centers in the country.

In the public square a small plant will be set up for a practical demonstration in the manufacture of cheese. The product will be placed in a storage cellar and used for sandwiches at the next annual celebration.

Three bands have been engaged for the occasion and Swiss singers, dancers and wrestlers will provide entertainment. Dancing will continue throughout the day in the public square. Practically every business house in the city will be closed.

WRIGLEY'S

Friends!

Wrigley's is a constant friend to teeth, breath, appetite and digestion.

The refreshment and comfort of this toothsome, long-lasting confection is within the reach of everybody.

Its benefits are many—its cost small. That's why it's used around the world. Nothing else can take its place.

Chew it after every meal
